Vision Doeve Brokers

Former inland cargo ship that has been converted into a sailing charter vessel for a maximum of 28 night guests or 35 day passengers. There are twelve guest cabins which are all equipped with a sink. The guest quarters has plenty of light, offers sufficient seating and is equipped with a spacious galley with bar. The masts are made of steel and the other spars are also made of steel. The aft cabin, where you can stay all year round, is for the skipper/owner and has its own galley with all necessary amenities, a toilet/shower and a double bed. In the forecastle there is one berth for the crew as well as a toilet and shower. In our opinion, an excellent ship to live on board and to provide many wonderful moments for customers during the sailing season.
